

UNIVERSITY OF NOTRE DAME
Department of Aerospace and Mechanical Engineering

Written PhD Candidacy Examination

The purpose of the written examination is to verify the student's capability of conducting Ph.D. level research within his or her area of specialization. The format of the written part will be decided by each member of the student's committee and typically takes the form of a problem, project, or a review of the student's written candidacy proposal.

PLEASE PRINT:

Student: _____ ND ID#: _____

Advisor: _____ Date: _____

Co-Advisor (if applicable): _____

Committee Member: _____ Dept/Co.: _____

Committee Member: _____ Dept/Co.: _____

Committee Member: _____ Dept/Co.: _____

The following faculty has approved/disapproved the above student's written Ph.D. examination as indicated. Approval is based upon satisfying **one** of the three forms of written examination listed below. **Only after this approval can the student request to schedule the oral part of the examination from the department.**
