Autitorium,
Geddes Hall**

Refreshments served
at 3:00 p.m. in the
Geddes Hall
Coffee House

Kevin Ford, 1982 Graduate of the Department of Aerospace and Mechanical Engineering at the University of Notre Dame, will share details of his journeys to space. Ford served as pilot of Space Shuttle Discovery in 2009, Soyuz Flight Engineer in Fall 2012 and Commander of International Space Station Expedition 34 in 2013. He has spent over 157 days in space, orbited the Earth 2,523 times, and has traveled nearly 61 million miles during his two expeditions.

**Colonel Kevin A. Ford,
USAF, Retired**

NASA Space Shuttle Mission
Pilot, STS-128,
Commander International
Space Station Expedition 34

*If you are interested in
meeting individually with
Col Ford (Ret.), please
contact Linda at
